

DU SHINE

HEAVY DUTY GLASS MOSAIC CLEANER

DU SHINE is specially formulated detergent for cleaning dubond's Dupoxy epoxy grout residue. Du Shine does not develop toxic or aggressive vapours. Du Shine cleans thoroughly without damaging the natural finish of floor. Cleans gaps grouted with dubond's dupoxy without any damage.

Green Building Rating

Mineral \geq 30%

Low Emission

Solvent $<$ 5 g/kg

Low Ecological Impact

Health Care

Areas of Application

- To eliminate residues and streaks of Dubond's Dupoxy from ceramic surfaces
- Suitable on ceramic and homogeneous tiles
- Suitable on glass mosaic, marble and natural stone

Features & Benefits

- Can be diluted in water in any ratio
- Suitable for use with compact and porous materials
- Suitable for delicate marbles
- No toxic substances released

Method of Application

Preparation of substrates

Substrates must be free from dust and loose or flaky debris. Dubond's Dupoxy must be fully hardened

Preparation

Dubond's DU Shine is a ready-to-use colourless liquid, water-dilutable in any ratio depending on the type of dirt to be removed. Shake the bottle well before opening in order to redisperse the liquid evenly

Application

1. It is advisable to perform a preliminary test on tiles that are not to be laid, or in a concealed area.
2. Apply DU Shine evenly to the surface to be cleaned and leave it until the dirt to be removed begins to visibly lift; this may take a few minutes or upto 10-20 minutes depending on the degree of absorption of the substrate.
3. If necessary, scrape the surface mechanically with abrasive felt pads. in the case of large surface areas, a mechanical buffer with an abrasive felt pad is recommended.
4. Repeat for highly stubborn dirt.
5. Once cleaned rinse well and dry carefully.

■ Precautions & Limitations

- Do not use on porous surfaces.
- When using Du Shine near porous materials, protect them carefully against all risk of contact with Du Shine, even dilute solutions.
- Always test the action of Du Shine on any porous surfaces.

■ Technical Information

Appearance	Liquid
Colour	Colouress
Odor	Perfumed
pH	5-6
Spec. Gravity	(20°C) : 1, 01 Gr. /Cc
Biodegradability	90%
Flashing Point	Not Flammable
Composition	Anionic and non ionic surfactants in water solution
Temperature range for application	From +5 °C to +35 °C
Waiting time before cleaning with water	5 – 20 min.

■ Coverage :

1 liter of DU Shine cleans about 10 M² of mosaic.

■ Packing

500ml, 1 Liter, 5 Liters & 20 Liters Containers.

■ Shelf life & storage

12-24 months in original sealed packing kept in cool and dry place. Store in a dry place in the original container.

■ Health & safety Precautions :

Keep out of reach of children. wear suitable protective clothing, gloves, and eye / face protection. after contact with skin wash immediately with plenty of clean water. in case of contact with eyes, rinse immediately with plenty of clean water and seek medical advice.
